

WE HAVE YOUR BACK WORKER SAFETY COLLABORATIVE

In late 2015, FHA launched the “**We Have Your Back**” Worker Safety Collaborative, with 100 hospitals pledging to make workforce safety a priority in their organization. Since that time, FHA has worked to identify valid and feasible worker injury prevention strategies to be employed in the participating hospitals. A series of educational webinars is ongoing to provide information, examples of best practice and resources to assist member hospitals in improving workforce safety across the board. FHA is hosting the 2nd annual “We Have Your Back” Worker Safety Conference in Lake Mary, Florida, Sept. 19-20, 2017, for collaborative members. This collaborative is ongoing and provides educational and networking events to support the work of hospitals in preventing the occurrence of work-related injury and illness.

We Have Your Back Hospital Participants

- » Arnold Palmer Hospital for Children
- » BayCare Alliant Hospital
- » Baptist Hospital
- » Baptist Medical Center Beaches
- » Baptist Medical Center Jacksonville
- » Baptist Medical Center Nassau
- » Baptist Medical Center South
