Utilization Data Reports

FHA Eye on the Market

Would you like to know which hospital in your area has the highest percentage of Medicare patients or which ambulatory surgery center is performing all of the eye procedures. These quarterly reports allow you to see how you stack up.

Inpatient Utilization Data Report: Includes hospital specific data on discharges, patient days, patient service mix, average length of stay, payer mix, overall hospital case mix, patient age/gender mix, percent change from prior year, and totals for each of Florida's metropolitan areas.

Outpatient Surgery Data Report: Includes hospital and ambulatory surgical center specific data on volumes, trends, patient service mix, payer mix, top ten outpatient surgeries, and totals for each of Florida's metropolitan areas.

Reports are available for a single quarter or as a subscription. Subscriptions start with the most recent quarter available and include four concurrent quarters.
